MPIDC MP INDUSTRIAL DEVELOPMENT CORPORATION LTD.

Swadeshi Mission

A New Era of Development

Narendra Modi, Prime Minister

Dr. Mohan Yadav, Chief Minister

Next-Gen Rail Manufacturing Hub

Worth ₹1,800 Crore

Coming up in Madhya Pradesh

Advanced, Future-Ready Manufacturing

- Design, assembly and testing of: Passenger Coaches, Metro Cars, EMUs, Vande Bharat Train sets & High-Speed Rail Systems
- Production aimed at both domestic and international markets

Sustainability Meets Innovation

- Operates on solar and other renewable energy sources
- Equipped with zero liquid discharge system and rainwater harvesting
- Eco-friendly construction aligned with India's green factory standards

Catalyzing Local Industry and Employment

- Initial output: 125–200 coaches annually
- Expandable to 1,100 coaches per year within five years

A Defining Step towards 'AatmaNirbhar Bharat'

- "BRAHMA" (BEML Rail Hub for Manufacturing) is not just a plant—it's a movement. It embodies India's journey towards self-reliance, advanced infrastructure, and global competitiveness in mobility engineering.
- Powered by BEML, Designed for the World.

Scalable Production Capacity

- Will energize regional MSMEs and supply chains
- Expected to generate over 5,000 direct and indirect jobs
- A boost for manufacturing, logistics, and allied sectors in the region
