That is how Russia assumes that collaboration among BRICS nations in forming the international financial and monetary system will remain a long-term priority for cooperation.

Russia's Primary Goal in the Field

(a) BRICS will bring the world economy into a robust, sustainable, and balanced growth (Concept of participation in the Russian Federation in BRICS, 2013).[27]

(b) The BRICS platform will help complete the IMF reform's current stage, under the terms and conditions agreed by G-20 and the
