leaders of five members said that:

> We reiterate our strong condemnation of terrorism in all its forms and manifestations and stress that there can be no justification, whatsoever, for any act of terrorism. We believe that the United Nations has a central role in coordinating the international action against terrorism within the UN Charter framework and following the principles and norms of international law. In this context, we urge early negotiations in the U.N. General Assembly of the Comprehensive Convention on International Terrorism and its adoption by all Member States. We are determined to strengthen our cooperation in countering this global threat. We express our commitment to cooperate for strengthening international information security. We will pay special attention to combat cybercrime. (Sanya Summit Declaration 2011b)

In this context, Russian foreign minister Sergey Lavrov (2012) asserted that Russia calls upon adopting the following priorities in security cooperation among BRICS members.

- All BRICS countries should coordinate to take a position. In the future, BRICS members should advocate mutual interests for formulating joint proposals on strategic stability, international and regional security, non-proliferation of Weapons of Mass Destruction (WMD), and resolving and maintaining regional stability.
- BRICS should put together joint efforts to strengthen the UN's coordinating role in the fight against the menace of international terrorism, and ensures the United Nations Global Counter-Terrorism Strategy and the universal anti-terrorism conventions strictly abide by the provisions of the relevant Security Council resolutions.
- All members of BRICS should coordinate among themselves to combat illicit drug trafficking with the help of joint steps taken by the United Nations and regional organizations to address drug trafficking effectively.
- BRICS should bolster interaction to ensure international information security and also greater cooperation in combating cyber-terrorism and cybercrime.
- The group should enhance cooperation with BRICS stakeholders in dealing with maritime piracy and step up joint efforts to set up an international mechanism for the punishment of pirates.
