

Accredited, by NAAC, with Grade A+ and placed in the 151–200 band in the NIRF 2025 Rankings, the institution continues to strengthen its reputation for academic distinction and institutional excellence. Its achievements are further reflected in the GHRDC Rankings 2026, where its B. Com Programme was ranked No.1 in Karnataka and South India in the Super Excellence Category, while its MCA Programme earned the 2nd rank amongst, the Top MCA Colleges in India in the Super Excellence category. These accomplishments underscore Presidency College's unwavering pursuit of excellence and its dedication to nurturing future-ready and industry-relevant graduates across diverse disciplines.

Career

A defining strength of Presidency College is its unwavering focus on student employability and career success. The institution goes beyond conventional classroom education by providing:

- comprehensive placement training
- Industry-oriented skill development programs
- Internships
- Corporate mentoring
- Mock interviews
- Aptitude training
- Regular interactions with industry leaders.

This holistic approach equips students with the technical expertise, professional competencies, communication skills, and confidence required to excel in today's competitive world. Backed by a strong training and placement ecosystem and extensive industry partnerships, the college consistently enables students to secure rewarding career opportunities with leading national and multinational organizations. The result is a generation of industry-ready graduates who are well-prepared to contribute effectively from day one of their professional careers.

Bridging Academia and Industry

Central to the college's educational philosophy is its dynamic and industry-aligned curriculum that seamlessly integrates emerging technologies, interdisciplinary learning, experiential pedagogy, and contemporary industry practices, ensuring that graduates are future-ready from day one.

Through strategic collaborations with leading corporates, industry experts, professional bodies, and academic partners, students gain valuable **exposure through internships, live projects, guest lectures, industrial visits, mentoring sessions, and hands-on learning experiences.** This continuous engagement with industry bridges the gap between classroom learning and workplace expectations, enabling students to develop practical skills and professional confidence.

Complementing the curriculum is a robust portfolio of **Value-Added Programmes (VAPs), professional certifications, workshops, and skill enhancement initiatives.** These programmes are carefully curated to equip students with in-demand competencies in emerging domains, strengthen leadership and entrepreneurial capabilities, and enhance employability. **From technical certifications and communication skills to industry-specific training and career readiness** programmes, students gain a competitive advantage that distinguishes them in the global landscape.

Beyond Degree: Nurturing Values, Inspiring Leadership, Creating Global Professionals.

Beyond academic excellence and career preparation, Presidency College (Autonomous) is dedicated to nurturing well-rounded individuals equipped to lead with purpose and integrity. **Through a vibrant ecosystem of student clubs, community outreach initiatives, cultural programmes, sports, leadership forums, and experiential learning opportunities,** students are encouraged to discover their strengths, broaden their perspectives, and develop a strong sense of social responsibility.

As higher education continues to evolve, Presidency College remains committed to empowering learners through innovation, inclusivity, and excellence. By seamlessly integrating academic rigor, industry relevance, holistic development, and value-based education, the institution continues to shape confident, compassionate, and future-ready leaders capable of making meaningful contributions to society and the global workforce.

At Presidency College (Autonomous), innovation, leadership, and holistic development are integral to the student experience. Through research initiatives, entrepreneurship programmes, community engagement activities, and a vibrant range of academic and co-curricular opportunities, students are encouraged to think creatively, solve real-world problems, and emerge as confident leaders.

Education here is more than acquiring a qualification, it is a transformative journey that empowers students to lead, innovate, and make a meaningful impact on society.

THE PRESIDENCY ADVANTAGE

- **Value-Based Education –** Cultivating integrity, ethics, empathy, and responsible citizenship alongside academic excellence.
- **Industry-Integrated Learning –** Bridging classroom knowledge with real-world experience through internships, live projects, and corporate collaborations.
