HEAD OF THE TABLE

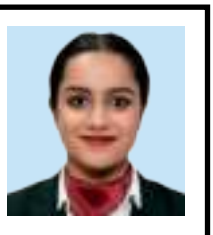

For IHM Pusa, this year will be one of technological innovations, keeping in step with the demands of the service industry

By **SHELLY ANAND**

For the Institute of Hotel Management (IHM) Pusa, 2026 is shaping up as a year of quiet but significant transformation, marked less by reinvention than by deep upgrades in infrastructure and learning systems. Hostel renovation is on the cards, and laboratories across departments are to get upgraded equipment. A major highlight is the development of a new state-of-the-art training restaurant, where students will be able to experience real-time service operations.
