TOP 5 MOST IMPROVED COLLEGES SCIENCE

RANK	COLLEGE	CITY	RANK 2026	RANK 2022
1	KIRORI MAL COLLEGE	New Delhi	4	8
2	ST. JOSEPH'S UNIVERSITY	Bengaluru	8	15
3	HANSRAJ COLLEGE	New Delhi	3	5
4	ATMA RAM SANATAN DHARMA COLLEGE	New Delhi	11	17
5	DEPARTMENT OF SCIENCES, CHRIST (DEEMED TO BE UNIVERSITY)	Bengaluru	9	13

For decades, Kirori Mal College (KMC) has been known as one of Delhi University's most vibrant colleges—a place that has produced actors, writers, civil servants, entrepreneurs and public intellectuals. Increasingly, however, another story is unfolding: KMC, which has moved from No. 8 in the rankings in 2022 to No. 4 in 2026, is now a serious destination for science education.

Established in 1954, the college has long offered strong programmes in Physics, Chemistry, Mathematics, Statistics, Zoology and Life Sciences. Now, a growing emphasis on research and interdisciplinary learning is helping KMC carve out a distinct identity among Delhi University's leading science colleges. The college has hosted several national/international conferences in the PCM (Physics, Chemistry, Mathematics) disciplines, while programmes such as Science Setu have sought to bridge the gap between classroom learning and real-world research.

KMC was ranked 4th in the ministry of education's 2025 National Institutional Ranking Framework (NIRF) Colleges Category and offers great placement support for streams such as Mathematics. Around 85 per cent of students who sit for placements get placed every year. Recruiters include many big companies such as KPMG, Zomato, Deloitte, EY and others.

Recent initiatives in areas such as disability research, assistive tech and STEM education demonstrate a growing interest in applying scientific knowledge to social challenges. Programmes such as Project Samaavesh (designed to empower blind and visually impaired students) and Project Anusandhaan (transforming disability research into a tool for social change) have brought together researchers and students to explore how science, technology and public policy can work together to improve lives.

There is also a cultural dimension that makes KMC distinctive. Science students study in an environment where a Physics lecture might be followed by a theatre rehearsal on a campus famous for producing legends such as Amitabh Bachchan. In many ways, that combination of scientific rigour and intellectual openness is KMC's defining strength. As research gains prominence, KMC is positioning itself not merely as a place to earn a science degree, but also as a place where future researchers, innovators and problem-solvers begin their journey. ■

GURUSPEAK

"KMC combines academic excellence with a vibrant campus life. The strong faculty, exposure and myriad opportunities help students grow into leaders, innovators and lifelong learners"

DINESH KHATTAR
Principal, Kirori Mal College
