

HARDIK CHHABRA

academic projects and an Entrepreneurship Track. A product of the last one went on to start an innovative beverage business from the classroom—the JUN. In fact, ARSD was among the first institutions to implement the NEP 2020 guidelines and had introduced the four-year programme with research and entrepreneurship streams before many others. ARSD College principal Prof. Gyantosh Kumar Jha says postgraduate enrolments in MCom programmes are growing at a consistent rate.

Then there is the 180 Degrees Consulting Branch, the commerce department's student-run industry consultancy, which has finished 25 projects and industry reports. The college has introduced the 'Principal ARSD Internship Scheme (PAIS)' and the department has created a research-to-revenue pipeline.

In addition, a new Undergraduate Research and Innovation Programme now supports student-led interdisciplinary projects that are mentored by faculty members and include an element of entrepreneurship in their design. ARSD has rolled out three popular certificate courses: Forensic Science and Criminal Investigation; Theatre Techniques and Data Analysis and Artificial Intelligence.

ARSD's rise in the rankings is notable: from No. 12 in 2022 to No. 7 in 2026, making it the most improved college in commerce. The college has an NAAC A++ grade with a CGPA of 3.77, among the highest among universities. "It is a place of excellence and opportunity," says Prof. Jha.■

GURUSPEAK

"At ARSD College, we prepare students not just for successful careers but for purposeful lives by integrating academic rigour, research, innovation and community engagement"

PROF. GYANTOSH KUMAR JHA
Principal, ARSD College

***The college that has shown the highest improvement in rankings between 2022 and 2026**
