inpatient department opened in 2014. The institute now admits 150 MBBS students annually, alongside students enrolled in nursing, paramedical, postgraduate, super-speciality and doctoral programmes, taking its total student strength to nearly 700.

But its rise is reflected as much in its clinical footprint as in its academic offerings. "We have focused not only on research and starting super-speciality courses but also on attracting patients to utilise our facilities and provide students and faculty with richer clinical exposure," says executive director Dr Goverdhan Dutt Puri. Annual OPD footfall has surged from just 47,510 patients in 2013-14 to over 1.43 million today, with the hospital now serving more than 5,000 patients daily. Inpatient admissions climbed from 2,262 in 2015 to nearly 90,000 in 2025.

TOP 5 MOST IMPROVED COLLEGES MEDICAL

RANK	COLLEGE	CITY	RANK 2026	RANK 2022
1	ALL INDIA INSTITUTE OF MEDICAL SCIENCES (AIIMS) JODHPUR	Jodhpur	8	21
2	ALL INDIA INSTITUTE OF MEDICAL SCIENCES (AIIMS) BHUBANESWAR	Bhuba-neswar	10	20
3	JAWAHARLAL INSTITUTE OF POSTGRADUATE MEDICAL EDUCATION AND RESEARCH (JIPMER)	Puducherry	2	4
4	ALL INDIA INSTITUTE OF MEDICAL SCIENCES (AIIMS) RAIPUR	Raipur	21	31
5	ALL INDIA INSTITUTE OF MEDICAL SCIENCES (AIIMS) RISHIKESH	Rishikesh	17	23

The rapid expansion of clinical services has gone hand in hand with a growing emphasis on research and innovation. AIIMS Jodhpur has filed 31 patents, five of which have been granted. Innovations emerging from its ecosystem include SoloJect, a smart syringe; Anuriva, a neonatal transport incubator; and EaseMyMed, an AI-enabled hospital management platform. To foster medical entrepreneurship, the institute has established the AIIMS Jodhpur Innovation and Entrepreneurship Foundation. In collaboration with IIT Jodhpur, it runs India's first trans-disciplinary MedTech programme, bringing doctors and engineers together to develop healthcare solutions. The initiative has already resulted in 14 student-faculty start-ups, 26 patent filings and 50 research publications.

For students, the attraction extends beyond academics. Dr Paras Pewari, a first-year senior resident in paediatrics and an alumnus of the institute's 2015 MBBS batch, says the wide range of extracurricular activities and opportunities for holistic development drew him to AIIMS Jodhpur and ultimately persuaded him to continue his academic journey there. "It is a student-friendly campus, and that is why it continues to attract high-merit students," notes Dr Pankaja Ravi Raghav, dean (academics), who has been part of the institute's journey since its launch in 2012. ■
