

An industrial workshop at IIT Delhi

TOP 10 COLLEGES 2026 ENGINEERING (GOVERNMENT)

	RANK 2026	RANK 2025	COLLEGE	CITY
↑	1	2	Indian Institute of Technology Delhi (IIT Delhi)	New Delhi
↑	2	3	Indian Institute of Technology (IIT) Kanpur	Kanpur
↑	3	4	Indian Institute of Technology (IIT) Kharagpur	Kharagpur
↑	4	5	Indian Institute of Technology (IIT) Guwahati	Guwahati
↑	5	6	Indian Institute of Technology (IIT) Roorkee	Roorkee
↑	6	8	Indian Institute of Technology (IIT) Gandhinagar	Gandhinagar
↔	7	7	Netaji Subhas University of Technology	New Delhi
↑	8	10	Indian Institute of Technology (IIT) Patna	Patna
↔	9	9	Delhi Technological University	New Delhi
↑	10	12	Indian Institute of Technology (IIT) Mandi	Mandi

*The college that has topped the overall rankings with the highest score

STUDENTSPEAK

"IIT Delhi has been a place of exploration, growth and unforgettable experiences. I leave with not just a degree, but lessons, friendships and memories that will stay with me forever"

ANIRUDH ALLEN, *BTech, Electrical Engineering, Final year*

Delhi integrating it across disciplines. A Rs 100-crore philanthropic contribution from alumnus Anant Yardi, a pioneer in the use of AI in the real estate sector, has further bolstered these efforts through the Yardi School of Artificial Intelligence. Yet, as Dean (Planning) Prof. Somnath Baidya Roy points out, AI is being treated not as a standalone specialisation but as a foundational skill for all students.

Beyond academics, IIT Delhi is placing greater emphasis on experiential learning. Summer internships have become mandatory for both undergraduate and MTech students, while doctoral scholars are being encouraged to engage more closely with industry. The objective is to expose students to the realities of professional life—working in teams, managing deadlines and solving real-world problems. Students are also being encouraged to think beyond conventional career paths. Prof. Roy, for instance, urges them to pursue a "side project" from their first year itself—be it a startup, research initiative, creative venture or social enterprise—to cultivate entrepreneurial thinking and resilience in a rapidly evolving technological landscape. ■
