

the last decade evolved into an Institution that is pioneering Higher Educational Transformation.

The Power of Multi-Dimensional Ecosystems

Innovation, in its sublime form, manifests itself, at the intersection of multi-dimensional fields. What sets Presidency University apart is its comprehensive matrix of constituent schools that encourage cross-pollination of ideas:

Engineering and Technology: Churning out students for automated landscapes through a blend of cutting-edge technical expertise, with specialized thrust on Data Science, AI, and Advanced Computing.

Management and Commerce: Equipping Students with the nuances of Business Intelligence, Fintech-acumen and Entrepreneurial Mind-sets to navigate the challenges posed by the Modern commerce-driven World Economies.

Law and Commerce: Training ethical, sharp legal professionals to be equipped with competencies to handle modern Corporate Framework, Cyber Laws, and Intellectual Property, in an ever evolving Global Economic-canvas.

Design and Media Studies: Nurturing creative thinkers, visual artists, and modern storytellers who build the Digital Narratives of future, in a very vibrant Media-driven Social Ecosystem.

Liberal Arts and Sciences: Instilling skills of critical thinking, philosophical reasoning, and foundational scientific principles, in Students, to solve real-world cultural and societal imbalances.

Cultivating the Agile Professional

Presidency University recognizes that a future-oriented Technology Professional needs to understand Design-related ethics, just as a Corporate Legal Manager must comprehend AI Algorithms. Acknowledging this paradigm shift of the dynamics in the Industry, as a whole, the University has identified and adopted the following, as its Strategic Brand-enhancing forces, towards offering its Students a valuable and employability-relevant learning experience.

Industry-aligned and Relevant Curriculum: Courses are designed to equip students with the knowledge, skills and competencies pivoted around emerging global industrial demand such as Business Analytics, Fintech, Digital Business, Quantum Computing and Artificial Intelligence.

Experiential Centres of Excellence and Incubation Ecosystem: Presidency Launchpad, is a Section 8 Company, acting as an On-campus Innovation-centric Technology Business Incubator, transforming Business Ideas of Students into commercially and financially viable Start-up. The Campus Centres of Excellence established in collaboration with Tech giants like NVIDIA, Samsung, TechMahindra and Capgemini, to name a few, where students hone their technical skills, under the guidance of the Experts from these Corporate Entities

Global Context: With about 192 Partnerships with reputed International Universities, covering academic and research collaboration, where Student and Faculty Exchange Programs, Twinning and Semester-Abroad Models offer the Students of Presidency University a platform for a valuable perception-gain of cross cultural and diverse perspectives.

Bridging Campus and Corporate Success

The true testament to a University-centric Brand is its Market Impact. Transformed by a dedicated Learning and Development [Training] Team and reinforced by an elite and highly accomplished pool of over 900 Faculty Members, students transition smoothly from the Campus to Corporate. Top global corporations consistently recruit from the campus, validating the readiness of its multidisciplinary graduates.

Simply put, by consciously looking past rigid Educational Models, Presidency University, is more focussed on equipping its Students to create a future and not to merely to make them job-worthy, though one dovetails into another. The University also acts as a one-stop-shop for higher education culminating its Program Portfolio with the ***Ph. D Program***. Academic and Research oriented, the Ph. D Program of the University encompasses a wide array of domain-disciplines. Guided by highly accomplished members of the Teaching Fraternity with the right blend of research-inclination, as evidenced by the large number of papers published and books authored, the Ph. D Program is offered both, as full-time with Fellowship and part-time. Over the last eleven years since it commenced its academic operations, Presidency University has been bestowed with many Awards, Recognitions and also been ranked high amongst its Peers in the various Third Party-unbiased Surveys.
