The University of Delhi has set itself an ambitious goal: to be counted among the world's top 200 universities within the next five years. The confidence stems from its recent progress. Over the past four years, the university, popularly known as DU, has climbed nearly 200 places in the QS World University Rankings, moving from 521 to 322.

For Professor Yogesh Singh, vice chancellor, rankings are only one measure of success, and the focus is not on chasing numbers alone. "The larger objective is to build a university that produces researchers, innovators, entrepreneurs and

SANSKRITI UNIVERSITY

Where Innovation Meets Industry and Learning Creates Leaders

Dr. Sachin Gupta
Chancellor, Sanskriti University

Sanskriti University is India's Leading Industry-Oriented University and one of the fastest-growing multidisciplinary universities in the country, committed to redefining higher education through innovation, technology, research, and experiential learning. As India's Only AI-Driven Native University, Sanskriti integrates Artificial Intelligence into every stage of the learning journey, empowering students with future-ready skills through an advanced AI-powered academic ecosystem.

The University offers 125+ Undergraduate, Postgraduate, Doctoral, Diploma, and Professional programmes across Engineering, Management, Computer Applications, Agriculture, Pharmacy, Nursing, Allied Health Sciences, Ayurveda, Education, Law, Sciences, Humanities, Aviation, and other emerging disciplines. Its distinctive 70% Industry Immersion Learning Model ensures students gain extensive practical exposure through live projects, industry certifications, internships, field training, expert mentorship, and real-world problem-solving, making them career-ready from the very first year.

Spread across a lush green, technology-enabled campus, Sanskriti University features world-class infrastructure, including smart classrooms, advanced laboratories, digital libraries, innovation centres, premium hostels, and outstanding sports facilities such as a FIFA-standard Astroturf Football Ground, synthetic basketball courts, tennis courts, and modern indoor sports complexes. The University also houses a state-of-the-art Panchkarma Wellness Centre, while its Ayurvedic Medical College & Hospital has been ranked 6th in Uttar Pradesh and 69th in India by QCI & NCISM, Government of India. Sanskriti University has established itself as a centre of excellence in research, innovation, and entrepreneurship through its government-supported Incubation Centre. The University has filed 3,058+ patents, published 2,200+ research papers, and earned several prestigious recognitions, including the "Emerging University of the Year" award.
