

MINI COUNTRYMAN C

Mini has launched the locally assembled Mini Countryman C in India at Rs 47.50 lakh (ex-showroom). The SUV adopts Mini's latest design language, featuring an octagonal grille, adaptive LED headlamps, redesigned matrix LED tail-lamps, wider wheel arches and 19-inch dual-tone alloy wheels. The Countryman C cabin features a 240 mm circular OLED touchscreen, recycled textile dashboard trim, electrically adjustable JCW Sports seats with Vescin upholstery, and a massage function for the driver's seat. Other features include a head-up display, Harman Kardon 12-speaker audio system, panoramic glass roof, wireless phone charging, 360 degree camera, parking assistant plus, Mini digital key plus, connected car technology, wireless Apple CarPlay and android auto, and eight mini experience modes. Power comes from a 1.5 litre three-cylinder turbo-petrol engine producing 156 bhp, paired with a seven-speed dual-clutch automatic transmission driving the front wheels. Mini claims a 0-100 kmph time of 9.0 seconds, a top speed of 212 kmph and fuel efficiency of 15.92 kmpl.

HONDA CITY MAKEOVER

Honda has given the City a much-needed facelift, the second for the fifth-generation model that was introduced in 2020. While the overall silhouette remains familiar, the front end gets a slimmer projector headlamps, a connected LED light bar at the front, a new matrix-pattern grille and a redesigned bumper. New 16 inch dual-tone alloy wheels, revised LED tail-lamps and a subtle boot lip
