BRIDGING THE GAP: STRATEGIES FOR DEEPENING INSURANCE PENETRATION

"We have completed 70 meaningful years in nation-building. We manage around Rs 58 lakh crore of assets. There is a potential to insure 98 crore people, but our policies put together number only around 30 crore"

"Some 10 crore youngsters are waiting to be insured. They will come to us if we can provide both the ease and speed of doing business"

"Density, or the per capita premium one pays, is at $90 (Rs 8,500), which is low. I am more worried about the protection gap.... To improve insurance penetration, innovative products are needed"

RATNAKAR PATNAIK, *Managing Director, Life Insurance Corporation of India*

ASSET MANAGEMENT AND TH

"Although the economy's fundamentals were fine, India had a very overvalued capital market. Then, a correction happened for two years. Today, the market is neither cheap nor super-expensive"

NIMESH SHAH
MD & CEO, ICICI Prudential MF

"The biggest challenge for any government in terms of attracting capital has been that the world's biggest capital market—the US—is sucking out all the oxygen out of the room.... This will self-correct"

VETRI SUBRAMANIAM
MD & CEO, UTI Asset Management

THE NEW DIGITAL GATEWAYS: ENABLING TECH-DRIVEN FINANCIAL SERVICES

"We opened 9,000-10,000 accounts on a daily basis, and that was with the help of technology"

KETAN MERCHANT
Interim CEO, Fino Payments Bank

"For cross-border transactions, AI can help in fraud detection, meeting compliances in real time and optimising forex rates using predictive models"

PRIYESH RANJAN
CEO, Valura.ai
