WHAT'S HOT AND HAPPENING IN THE WORLD OF ART THIS MONTH

▲ **AUG. 8—SEPT. 18** | ***Emami Art****, Kolkata*

Calcutta 1990-1993

Opening on August 8, Emami Art presents photographer Kushal Ray's remarkable visual archive of Calcutta from the early 1990s. Drawn from thousands of negatives, many printed for the first time, the exhibition captures the city's everyday rhythms through streets, ferries, parks and public spaces. Both documentary record and artistic meditation, the photographs preserve a disappearing Calcutta while reaffirming Ray's place among India's most important photographers.
