SATHYABAMA
INSTITUTE OF SCIENCE AND TECHNOLOGY
(DEEMED TO BE UNIVERSITY)
CATEGORY - 1 UNIVERSITY BY UGC

ACCREDITED WITH GRADE A++ NAAC

Centre for Advanced Studies

Sathyabama Centre for Advanced Studies, a state-of-the-art facility established with Advanced facilities that ensembles the conjunction of academic and research expertise. The Centre houses Artificial Intelligence Laboratory with Supercomputing facilities, DARE (Drone and Robotics Experimentarium) Lab consisting of Robotics Workstations, Swarm drones, Quadruped and Humanoid Robots and autonomous rovers, Advanced Characterization facility with HRSTEM, FESEM and XRD Development tools, Advanced Media Centre and Centre for Innovation and Technology Transfer.

AI Supercomputing Facility

The AI Supercomputing Lab is a groundbreaking AI research facility that aims to become a strong center for AI research. This lab aims to train and engage students and researchers in cutting-edge AI algorithms and its applications. The facility houses a 95-node supercomputer with 9.6 Peta FLOPS of AI performance. A tiered storage architecture is adopted to utilize flash storage and hence make data server provide industry-topping data speeds.
