

ANDHRA PRADESH

INDIA'S EMERGING BLUE ADVENTURE COAST

Where the Eastern Ghats meet the Bay of Bengal, Andhra Pradesh unfolds along India's third-longest coastline, spanning 1,054 kilometres. Lined with hundreds of beaches, this diverse coastal landscape ranges from lively waterfront hubs to secluded, unspoilt shores, presenting exceptional opportunities for investors to create world-class, sustainable beach experiences that celebrate and protect the state's natural beauty.

At the forefront of this transformation is Rushikonda Beach in Visakhapatnam, one of India's Blue Flag-certified beaches. Conferred by the Denmark-based Foundation for Environmental Education (FEE), the internationally acclaimed eco-label recognises the highest standards of water quality, safety, environmental management, sustainability and visitor services. With its spotless shoreline, robust safety measures and eco-friendly facilities, Rushikonda stands as a model for responsible coastal tourism and Andhra Pradesh's vision of creating world-class beach destinations rooted in sustainability.

Beyond Rushikonda, Visakhapatnam is home to four popular beaches—Rushikonda, RK Beach,

Seethapalem Beach, popularly known among locals as the "Cave Beach", is one of Andhra Pradesh's best-kept coastal secrets.
