Form, Function and No Room for Fluff

Practical yet sculptural furniture delivers maximum relaxation and a tailored aesthetic

By RIDHI KALE

PERFECT SLEEPING PARTNER

Ultimate way to unwind often involves getting your snooze on. That's where Dune Drift from Haruma comes in. The headboard, crafted in wood, features finely articulated detailing inspired by Carlo Scarpa. Capsule motifs are subtly embedded within the composition, while the fluted wooden base of the bed reinforces a sense of verticality. The back rest is angled for optimal comfort and wrapped in fabric clad pipes. The bed uses wood, fabric and brass.
