## THE SUCCESSION PLAN

*Tata Trusts have initiated the process of setting up a five-member selection committee to identify Chandra's successor. The panel will screen candidates from both within and outside the group. The process could take several months to a year*

### THE COMMITTEE COMPOSITION

- Three members to be nominated by the Sir Dorabji Tata Trust and the Sir Ratan Tata Trust; committee likely to include Noel Tata
- One member from the Tata Sons board
- One independent person from outside the group

**Tata Sons' amended Articles of Association prevent the chairman of Tata Trusts from also becoming chairman of Tata Sons, ruling out 'dual leadership'**

## THE TATA SONS LISTING DILEMMA

- RBI mandates all upper-layer NBFCs* to list within three years of being classified as such
- In June, RBI's new list of 17 upper-layer NBFCs included Tata Sons
- Tata Sons has sought RBI approval to surrender its NBFC registration, exempting it from mandatory listing
- The Shapoorji Pallonji Group supports a listing to unlocking the value of its shareholding
- Others, including Noel, favour preserving Tata Sons' private character

## CHALLENGES FOR THE NEW CHAIRMAN

- Turning around loss-making Air India, restoring its safety and credibility
- Driving the semiconductor business towards production targets
- Putting the digital business on a sustainable path to profitability
- Maintaining strong growth across traditional cash cows such as TCS, Tata Steel and Tata Motors
- Bridging differences between Tata Trusts and executive leadership
- Navigating RBI listing norms amid resistance within the Tata family
