38 Building a Drone Force

The Indian army has ambitious plans to raise specialised drone warfare units equipped with indigenous UAVs. But India's drone industry needs extra support to overcome procedural, financial and technical hurdles

▶ SOCIETY

44 The Young and the Spiritual

Blending tradition and technology, Gen Z is embarking on a spiritual voyage to India's holy shrines

49 The Long Wait

Nineteen years in the making, Kiran Desai's *The Loneliness of Sonia and Sunny* is a sweeping, funny and deeply felt portrait of love and isolation in a globalised world

DEFENCE INSTITUTE OF ADVANCED TECHNOLOGY
(Deemed to be University)
An Autonomous Organization, Department of Defence, Research & Development,
Ministry of Defence, Government of India

Ph.D. Programmes- January 2026
Applications are invited for admission to Ph.D. Programme

Departments/Schools	Advance Research Areas	Departments/Schools	Advance Research Areas
Applied Physics	Ultrafast Laser, Photonics EWS, Quantum Cascade Laser, Free-Space Optical Communication, Underwater Communication, Electronic Nose, Nano-Materials for Solar Cells, Solid State Lighting, CBW and Sensors Technology, Fiber laser & amplifiers, THz Technologies	Applied Chemistry, Energy and Environment.	Green Hydrogen Generation, Bio-fuels, Water to Energy, Hydrogen Storage, Organic Hybrid Nanomaterials, Nanomaterial chemical synthesis QDs noble metal & metal hybrid chalcogenides for opto-electronics & energy application, Hydrogen Fuel Cell, Energy Management, Solar Energy & Wind Energy
Computer Science & Engineering	Post Quantum, Cryptography, Game Theory, QML, Computer Vision, Deep Neural Networks, Malware Analysis	Aerospace Engg. and Autonomous Systems.	Guidance and Control of Autonomous Systems, Humanoid Robotics, Aerial Robotics
Metallurgical and Materials Engg.	Additive manufacturing, High entropy alloys, Hybrid electrodes for energy storage, Additive Friction stir processing/welding, Polymer Composite, Super Capacitor	Applied Mathematics	Computational Numerical Method's for Differential Equations (AI / ML, Finite Element Method (s)), Cryptography, Fluid Mechanic with AI & ML, Signal Processing
School of Defence Technology Management	Innovation management, Disruptive Technologies, Data Driven OB Research, Maritime Surveillance, Employee Behaviour Analytics, Data Analytics, Technology Risk Management	Mechanical Engg.	CFD, FEM, Additive manufacturing, Composite Structures, Heat Transfer, Composite material processing, Additive manufacturing, Micro Machining, Fluid Mechanics
Electronics Engg.	Semiconductor Chip Design, Antennas, Radar, Electronic Warfare, Embedded Systems, Autonomous Systems, AI/ML		

APPLICATION PROCEDURE, ELIGIBILITY CRITERIA & SELECTION PROCEDURES
Visit the Institute website www.diat.ac.in for details on the procedure.
