

methods by acting as mentors and life coaches, fostering critical thinking, innovation, and leadership in students.

EXCEPTIONAL PLACEMENT RECORDS

With a robust placement cell and strong industry networks, over 3,000 students have received job offers in the ongoing placement season from more than 500 top recruiters.

Companies like Amazon, Microsoft, Infosys, and Njuma (USA) regularly hire GLA graduates, offering packages as high as ₹55 LPA. GLA's placement programs are not just about jobs; they are about launching impactful careers.

RESEARCH AND INNOVATION

With 14 research centres and specialized labs developed in collaboration with industry giants like Siemens, Legrand, and Rockwell Automation, GLA fosters a research ecosystem that is both vibrant and resource-rich.

To date, the university has published over 10,000 research papers in SCI and SCOPUS indexed journals, filed 850+ patents, and received more than 75 grants. A cumulative research grant of ₹19.5 crore from government and private bodies further reinforces the credibility and impact of GLA's research initiatives.

STRONG INDUSTRY CONNECT

Understanding the pulse of the industry, GLA University ensures that its curriculum and pedagogy remain relevant and responsive. Regular workshops, guest lectures, and hackathons are conducted in partnership with industry leaders. Students are given multiple opportunities for internships, industrial visits, and project-based learning that simulate real business

WORLD-CLASS INFRASTRUCTURE

GLA University offers a campus experience that is both enriching and empowering. Spread over acres of lush greenery, the Mathura campus houses 157 state-of-the-art labs, 224 digitally enabled classrooms, and a central library with over 1.91 lakh books. Hostels, sports complexes, gymnasiums, and cafeterias ensure that students have a comfortable and balanced campus life.

SCHOLARSHIPS & ACCESSIBILITY

Committed to making quality education accessible, GLA University offers a wide range of scholarships. Up to 90% scholarships are granted to JEE achievers, and merit-based aid is available through university exams and other qualifying criteria. SC, ST, and economically weaker section students are supported through government schemes facilitated by the university.

CENTRE FOR DISTANCE & ONLINE EDUCATION (CDOE)

Expanding its reach beyond physical boundaries, GLA University has established the Centre for Distance and Online Education (CDOE). Recognized and entitled by the UGC, the CDOE offers fully online programs including BBA, MBA, BCA, MCA, and B.Com.These flexible, affordable programs are tailored for working professionals and students unable to pursue full-time courses.

VISION FOR THE FUTURE

GLA University continues to strive toward becoming a pace-setting institution of academic excellence. Its vision revolves around nurturing minds, advancing research, and driving innovation in established and emerging fields.

As GLA University steps confidently into the future, it remains anchored in its mission—to educate, empower, and elevate. With an ever-growing footprint and an unwavering commitment to excellence, GLA continues to transform lives and shape the leaders of tomorrow.
