5 REASONS WHY IT IS THE BEST

1 The Shaheed Sukhdev College of Business Studies (SSCBS) is one of the few Indian public institutions to integrate Harvard Business School case studies into courses like strategic management, business policy and marketing electives. These case packs equip students with international decision-making, business strategy, and problem-solving skills. SSCBS also offers Harvard Online Micro-Credentials in financial accounting, economics and business analytics.

2 SSCBS is one of the only Indian undergraduate colleges to win global case competitions, including the Global Microfinance Case competition, BrAIN Wars, Cornell EMI Corning and ISB Marketing Mayhem. Notably, all three gold medallists of IIM Ahmedabad 2025 postgrad batch were SSCBS alumni.

3 SSCBS modernised its curriculum in line with the National Education Policy, global business trends and employability demands. It offers interdisciplinary electives in courses like data science, coding and entrepreneurship. Project- and simulation-based assignments ensure development of practical skills.

4 It delivers an excellent RoI, with an average annual CTC of Rs 13.42 lakh in 2024-25. Top recruiters include Accenture, Bain Capability Network and NatWest. Consulting roles dominate placements (72.3 per cent), followed by management, finance and analytics.

5 SSCBS boasts over 50 societies like 180 Degrees Consulting, IFSA, Rotaract, Enactus and FinX. These give students hands-on experience in consulting, finance and marketing while nurturing leadership, teamwork and problem-solving.
