NOT JUST IITS

LPU Student Secures Record-Breaking 2.5 Crore Placement Offer

Lovely Professional University (LPU) is making headlines with its record-breaking placements in 2025, challenging the long-standing dominance of the IITs. Sri Vishnu, a final-year BTech ECE student, secured a staggering ₹2.5 crore per annum domestic package from a leading robotics and automation firm — one of the highest offers made to an Indian engineering graduate this year.

Another standout, Betireddy Naga Vamsi Reddy, received an international offer worth ₹1.03 crore from a major AI robotics company. These are not isolated cases. Over 7,200 offers were made across engineering disciplines, with 1,600+ students receiving multiple offers. The top 25% of placed students earned an average package of ₹10.23 LPA. Top recruiters included Microsoft (₹52.20 LPA), Amazon (₹46.94 LPA), and Palo Alto Networks, alongside mass hirers like Capgemini (700+ offers), Cognizant, TCS, Accenture, and Mindtree. Students landed roles in high-growth fields such as AI, cybersecurity, and cloud engineering. Over 1,700+ LPU students have received offers from top MNCs, with packages ranging from Rs 10 LPA to Rs 2.5 Crore.

LPU's placement success is driven by its industry-first "EduRevolution" approach—focused on real-world exposure, certifications, and early placement training. With alumni working at Fortune 500 companies worldwide, LPU is now recognized as a serious player in global tech talent development.

Admissions for the 2025 academic year are closing soon. If you're looking to launch a high-impact global career, LPU offers a compelling alternative to traditional top-tier institutions.
