

Aerial Ropeway, Rajgir

- **Vikramshila:** A Mahayana Buddhist university that was once second only to Nalanda in academic prestige, especially known for tantric practices.

- **Kesaria:** Home to the largest Buddhist stupa in the world, this marvel from the Mauryan era is both historically and architecturally significant.

- **Sasaram:** The grand mausoleum of Sher Shah Suri stands here, showcasing majestic Indo-Islamic architecture.

- **Valmiki Tiger Reserve:** Located in the Himalayan Terai region, this is Bihar's only tiger reserve and a hotspot for eco-tourism, featuring diverse flora and fauna.

- **Bhimbandh Wildlife Sanctuary:** Spread over 682 sq. km, this lush green zone features natural hot springs, dense forests, and unique wildlife, offering a perfect setting for eco-tourism.

- **Patna:** The capital city is fast evolving into a cultural gateway with attractions such as Patna Museum, Science Centre, Patna Zoo, and Takht Sri Patna Sahib—one of Sikhism's five holy Takhts.

Together, these destinations weave a tapestry of culture, history, spirituality, and natural beauty—an invitation to travellers seeking more than just a visit, but a profound experience.

The Vision Behind the Policy

The Bihar Tourism Policy 2023 is anchored in the state leadership's vision:

Under the dynamic leadership of Chief Minister Nitish Kumar and Tourism Minister Raju Kumar

"To position Bihar as a premier spiritual, cultural, heritage, and eco-tourism destination through sustainable growth, digital transformation, public-private partnerships, and community-led development."

Key Strategies: Turning Vision into Reality

Infrastructure & Connectivity

Beyond roads and air travel, Bihar will introduce tourism-specific trains and explore inland waterways to boost accessibility. Green mobility solutions, such as electric vehicles and solar charging stations, will ensure sustainability.

Investment Promotion

A Single Window Clearance System will expedite approvals. Fiscal incentives like a 30% capital subsidy, SGST reimbursement, and stamp duty waivers will attract investors.

Focus Tourist Destinations (FTDs)

Bihar will categorize tourism circuits into spiritual, heritage, eco-tourism, and MICE tourism, ensuring targeted development and marketing.

Digital & Marketing Revolution

Cutting-edge tools such as AI-driven virtual tours and aggressive social media campaigns will position Bihar as a must-visit destination.

Skill Development & Employment

By training local youth and incentivizing businesses, Bihar will build a skilled tourism workforce, reducing unemployment and boosting service quality.

Sustainable & Responsible Tourism

The policy mandates eco-friendly accommodations, plastic-free zones, and the promotion of rural tourism through homestays and handicraft villages, ensuring tourism growth aligns with environmental conservation.
