The Future Lives in Bihar's Past and Present

The Bihar Tourism Policy 2023 is more than a roadmap—it is a lyrical fusion of legacy and vision, where the echoes of ancient wisdom meet the pulse of modern ambition. Rooted in a land where emperors once walked and enlightenment once bloomed, the policy threads together Bihar's cultural soul with future-forward thinking. It doesn't merely aim to attract travellers; it seeks to transform lives—breathing life into forgotten relics, rejuvenating sacred circuits, and giving modest shrines the dignity of global recognition.

What sets this journey apart is its profound commitment to inclusion. This is not just a policy of progress—it is a promise of participation. Women, marginalised communities, the differently abled, and the third gender aren't just beneficiaries—they are partners in progress, seated at the same table where decisions are made and dreams are shared.

The Bihar Tourism Policy 2023 is about more than increasing footfall—it is about sparking employment, kindling local pride, nurturing green futures, and carving out a distinctive identity on the global map. Bihar isn't just inviting you to visit—it's inviting you to be part of its unfolding story.

A Golden Gateway to a New Era

The Bihar Tourism Policy 2023 transcends conventional frameworks—it is a golden gateway for investors, job seekers, and travellers. By integrating cutting-edge infrastructure, digital tools, and eco-conscious practices, the policy positions Bihar among India's top tourism destinations.

Under the leadership of CM Shri Nitish Kumar and Tourism Minister Shri Raju Kumar Singh, Bihar is not just preserving its legacy as the land of Buddha and Mahavira, but is also building a modern, inclusive, and sustainable tourism ecosystem.
