Drone and Robotics Experimentarium

The Drone and Robotics Experimentarium (DARE) Lab is a state-of-the-art teaching and research facility that aims to be a premier center for Drone and Robotics research. The lab has Autonomous Drones, Industrial Robotic Arm, Autonomous Rovers, Humanoid Robot, Quadruped Robot and Robotics Workstations. All drones and robots present in the lab are fully programmable. There is no need for manual control or human intervention in their operation. All workstations come with Wi-Fi and Bluetooth communication in order to interface with the drones and robots.

Centre for Advanced Studies

Sathyabama Centre for Advanced Studies, a state-of-the-art facility established with Advanced facilities that ensembles the conjunction of academic and research expertise. The Centre houses Artificial Intelligence Laboratory with Supercomputing facilities, DARE (Drone and Robotics Experimentarium) Lab consisting of Robotics Workstations, Swarm drones, Quadruped and Humanoid Robots and autonomous rovers, Advanced Characterization facility with HRSTEM, FESEM and XRD Development tools, Advanced Media Centre and Centre for Innovation and Technology Transfer.
