FROM CLASSROOMS TO NATIONHOOD

The Builders of Indian Higher Education

India's higher education landscape is undergoing a profound transformation. At the heart of this change is a new generation of institutions—dynamic, forward-thinking universities that are reshaping what it means to learn, discover, and contribute to society. These new architects of Indian higher education are building India's knowledge future on foundations of academic excellence, global outlook, and social responsibility.

A New Ethos: Academic Excellence Meets Social Responsibility

Among these leading lights are Ashoka University, Azim Premji University, Galgotias University, Manipal Academy of Higher Education, Shiv Nadar University etc. These institutions exemplify a new ethos of higher education—one that blends world-class academic rigor with an unwavering commitment to societal impact.

Pioneering Liberal Arts

Ashoka University, located in Sonipat, Haryana for instance has emerged as a pioneer in liberal arts and interdisciplinary education in India. Founded with the vision of creating a world-class institution that nurtures critical thinking and holistic development, Ashoka University has set a new benchmark in Indian higher education. What sets Ashoka apart is its unwavering commitment to the liberal arts—a concept that encourages students to explore multiple disciplines, think deeply, and engage critically with the world around them. With a distinguished faculty drawn from some of the finest institutions globally, Ashoka University offers a rich academic experience that balances intellectual freedom with academic rigor.

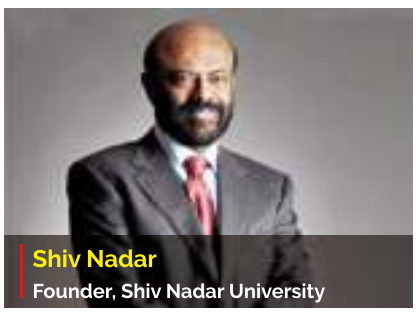

Democratizing Quality Education : A New way of Learning

Similarly, Galgotias University, situated in Greater Noida, Uttar Pradesh, is a shining example of how access and excellence can go hand in hand. With a commitment to democratizing quality education, Galgotias University has emerged as one of India's fastest-growing private universities.

Galgotias University, led by its Chancellor Suneel Galgotia, is shaping a future-ready education model.

Known for its strong industry linkages and first of its kind Active learning initiative called "Galgotias student centred active learning ecosystem" (GSCALE) Galgotias University offers robust programs in engineering, law, business, humanities and more, preparing students for success in the modern workforce.

Today, Galgotias University has achieved a landmark distinction by being ranked among the Top 15 Private Universities in India in the prestigious QS World University Rankings 2025. This remarkable feat is a direct result of the university's transformation into an active learning institution through its groundbreaking collaboration with Nanyang Technological University (NTU), Singapore—one of Asia's leading universities. Galgotias' adoption of NTU's pedagogical practices has enabled a decisive shift from rote learning to a dynamic, hands-on, learner-centric model of education. This initiative has not only elevated academic outcomes but has also positioned Galgotias as a global leader in student-first innovation.

Shiv Nadar
Founder, Shiv Nadar University

Supporting this vision is Dr. Dhruv Galgotia, CEO of Galgotias University, who brings a global outlook and youthful dynamism to the institution. Under the dynamic leadership of Dr. Dhruv Galgotia, the Galgotias University has dramatically expanded its international footprint by forging meaningful alliances with prestigious universities around the globe. These efforts have established a thriving ecosystem of academic collaboration, exchange, and innovation.

Global Alliances

In a historic milestone in education, Dr. Dhruv Galgotia's recent visit to Europe has helped brought leading universities in Singapore,USA,Germany,France and Spain closer to India, forging global alliances that promise to reshape the future of learning, research, and innovation. The University is also excited to announce the upcoming alliances with top German universities, opening up unparalleled global opportunities for our students and faculty.

Suneel Galgotia
Chancellor, Galgotias University

Together, these collaborations are propelling Galgotias University toward excellence on the world stage—transforming it into a hub of global knowledge, innovative breakthroughs, and future-ready leaders and getting the best of the world to India.

Tech-Driven Learning & Research : Bringing leading corporations to campus.

Galgotias University has embraced digital technologies to enhance learning and research. The university has established AI-driven research centers in partnership with industry leaders like Apple,HP,Samsung,LG,Wipro,Infosys,Ultratech,Cisco and Intel providing students with access to cutting-edge resources on campus.

Dr. Galgotia places a strong emphasis on nurturing innovation and entrepreneurship among students. The university's iOS Development Centre has produced remarkable achievements, with ten students from Galgotias University, out of 350 winners worldwide, winning Apple's prestigious WWDC swift student challenge recently.

G SCALE: Transforming the learning experience

Initiatives such as the Galgotias student centered Active Learning Ecosystem (G-SCALE) have redefined traditional education models, fostering interactive and collaborative learning environments. Recently students and leadership team from prestigious Harvard Business School (HBS) visited Galgotias University for a detailed interaction to learn about the progress, culture and active learning ecosystem of Galgotias Univesity.

G SCALE transforms the learning experience by embracing active, student-centered methods—think-pair-share, jigsaw, flipped classrooms, role-play, and problem- and case-based learning—shifting away
