**HOW THE NEP IS RESHAPING INDIA'S HIGHER EDUCATION**

**VINEET JOSHI**
*Secretary, Department of Higher Education; Chairperson, University Grants Commission*

"Education is no longer only about getting a job; it is about creating jobs. Startups and industry-academia collaborations are now emerging across all disciplines, not just engineering or management"

**SCHOOLS OF TOMORROW: NURTURING HAPPY, HOLISTIC CHILDREN**

**SANJAY KUMAR**
*Secretary, Department of School Education and Literacy*

"We must ensure every child finishes Class 12 with at least one skill, and core competencies. The focus of education should shift from rote learning to competency-based and experiential learning"

"Education must go beyond textbook knowledge and examinations to include values, ethics, empathy and social responsibility"

**PROF. ANJU SRIVASTAVA**
*Principal, Hindu College, Delhi*

**BUILDING NATION: EDUCATION FOR CHARACTER, CAPABILITY AND COUNTRY**

"Brilliant technical or intellectual skills alone are insufficient if they're not grounded in ethical values"

**PROF. POONAM VERMA**, *Principal, Shaheed Sukhdev College of Business Studies, Delhi*

"The role of higher education is to shape not just skills but a values-based mindset, foster ethical judgement and social responsibility alongside academic excellence"

**PROF. SIMRIT KAUR**
*Principal, Shri Ram College of Commerce, Delhi*

"Education today is where we are not afraid to embrace change and uncertainties and often ask ourselves in which direction we are going"

**PROF. ANANYA MUKHERJEE**
*Vice-chancellor, Shiv Nadar University, Delhi-NCR*
