AN ECOSYSTEM FOR ENABLED AND EMPOWERED EDUCATORS

PROF. DINESH SINGH, *Chancellor, K.R. Mangalam University*

"A policy can be visionary, but if its spirit is lost in implementation, the vision collapses. We are following the form of reform, not its philosophy"

CHANGING THE GAME: UNIVERSITIES AS INNOVATION HUBS

PROF. K.K. PANT
Director, IIT Roorkee

"Universities must be drivers of real-world innovation and societal impact, not merely degree-granting bodies. Education should be now related to case studies and not just for grades"

"Banning phones or screens in classrooms is unrealistic today. Instead, educators, parents and institutions need to work together to help students manage digital distractions and build stronger attention skills"

PROF. SUDHIR KRISHNASWAMY
Vice Chancellor, NLSIU, Bengaluru

DR DHRUV GALGOTIA
CEO, Galgotias Education Group

"The fact remains that, going forward, one-fourth of the world's population will be trained by Indian institutions and universities. While the rest of the world is ageing, India holds the youngest population of the world. With that strength, there's a big push to Indian higher education"
