STIFF OPPOSITION Mamata Banerjee leads a protest against the electoral roll revision, Kolkata, Nov. 4, 2025

The state of Indian democracy is a hotly debated subject. How robust is democracy in India today? Are elections free and fair? Do people feel able to express their views without fear? The answers form a democratic barometer, capturing not just confidence or disquiet but tensions between power and accountability, regulation and liberty—across institutions and processes.

Q. Opposition parties have protested the Election Commission's revision of voter rolls in different states, calling it unfair. Do you believe the voter roll revision process is free from political bias?

Public opinion leans towards the process being fair, but a sizeable minority sees bias—making voter rolls a democratic flashpoint
