Why Galgotias Teaches Differently *on a* Global STAGE

At the heart of Galgotias University's rise is

G-SCALE
GALGOTIAS STUDENT CENTERED ACTIVE LEARNING ECOSYSTEM
• Critical Thinking • Collaboration • Engagement • Experiential Learning

GSCALE moves education beyond passive lectures into an environment where students actively participate in their own learning journey.

- **Real-world Problem Solving**
- **Collaborative Projects**
- **Case-based Discussions**
- **Continuous Assessment**

This shift from teaching-centered to student-centered learning has played a key role in the university's global recognition, because the world now measures how well students can **apply knowledge**, not just recall it.
