

ENRICHING LIVES THROUGH SUSTAINABLE LIVELIHOODS

JK Organisation works closely with communities to empower women, create sustainable livelihoods through skill-building, foster entrepreneurship, enhance financial inclusion, and support sustainable agriculture.

- Increased women's workforce participation through Self-Help Groups (SHGs), Women Farmer Producer Organisations (WFPOs), and Producer Groups (PGs), while strengthening stitching and tailoring skills—directly benefitting 300,000 individuals
- Supported thousands of farmers in adopting organic and sustainable farming practices, diversifying crops, and improving productivity
- Created more than 1,100 grampreneurs and generated over 12,000 jobs
- Promoted local enterprises by establishing facilities such as rural marts and bamboo kiosks
