HARNESSING SUSTAINABLE ECOSYSTEMS FOR CLIMATE RESILIENCE

Awareness campaigns encourage composting, reusable materials and reduction of single use plastics. Solar lamps installed in villages and 2 Lakhs medicinal trees planted. In Madhya Pradesh, SRI techniques boosted paddy cultivation.

Across industries, JK Organisation companies set sustainability benchmarks:

- JK Tyre reduced GHG emissions
- JK Lakshmi Cement pursues net-zero targets
- JK Cement leads green innovation with the production of low-carbon (LC3) cement.
- JK Paper achieved carbon-positive status

THE ETERNAL PROMISE

140 years later, the JK Organisation stands as a testament to the fact that true corporate greatness is measured not by turnover alone, but by the lives it transforms. By weaving together industrial scale with a profound duty towards community upliftment, the group continues to serve as a co-architect of the Indian dream.
