MR. AJAY CHAUDHARY, FOUNDER, CHAIRMAN & MANAGING DIRECTOR OF ACE GROUP: ARCHITECT OF THE FUTURISTIC REAL ESTATE ERA OF INDIA

Mr. Ajay Chaudhary, Founder, Chairman, and Managing Director of ACE Group, stands as a visionary leader at the helm of India's new-age real estate landscape. With a strong focus on innovation and sustainability, he is redefining urban living across Delhi-NCR. Known for his clear strategic direction, he has raised industry standards by aligning development with evolving market needs and future-ready infrastructure.
Founded in 2010, ACE began its journey with Ace Platinum in Greater Noida and has since delivered over 17.7 million sq. ft. of built-up space, with 30 million sq. ft. currently under development. Over the years, the company has played a pivotal role in transforming Noida and Greater Noida through well-planned, design-led projects that redefine city living.

Sector 150 – A High-Growth Investment Destination

ACE is driving the growth trajectory of Sector 150 – Noida's greenest sector – through landmark residential and commercial developments that continue to enhance the region's appeal. With its low-density planning, sports-centric environment, and rising demand for premium living, the sector has evolved into one of NCR's strongest investment zones. Excellent connectivity via the Noida–Greater Noida Expressway, Yamuna Expressway, proximity to the upcoming Jewar Airport, and seamless access through the Aqua Line Metro strengthen its long-term growth prospects and make it a preferred destination for high-value real estate investment.

A Portfolio Reflecting His Perspective

His leadership is evident across ACE Group's diverse portfolio. Luxury residences such as Ace Golfshire and Ace Parkway in Sector 150, along with Ace Starlit in Sector 152, exemplify modern living enriched with wellness-focused amenities. In Greater Noida West, Ace Divino and Ace Han'ei offer aesthetic design, everyday convenience, and refined living. Early projects like ACE City and ACE Aspire helped solidify the brand's foundation in the region.
Ace Palm Floors in Gurgaon introduces a low-rise township designed with green landscapes and community-focused amenities. On the commercial front, developments such as Ace Medley Avenue, Ace Capitol, and Ace 153 in Noida raise the benchmark for contemporary business infrastructure.
Ace Group has also expanded its footprint as a Development Manager for Mahagun Medalleo in sector 107- Noida, bringing its expertise in planning and delivery to a marquee luxury development.

Strategic Expansion into the Yamuna Expressway Region

With the launch of ACE Terra and ACE YXP, the company marked its much-anticipated entry into the rapidly emerging Yamuna Expressway belt. The future of the Yamuna Expressway is one of significant urban and industrial development, focusing on creating new smart cities, expanding the Jewar International Airport, and establishing major commercial hubs like a Film City and Sports City. Key developments include new residential and commercial townships, IT and electronics parks, and improved infrastructure such as the Ghaziabad–Jewar Regional Rapid Transit System. Overall, the region is transitioning from a transit corridor to a self-sustaining urban ecosystem driven by a convergence of infrastructure, investment, and innovation.
Among ACE's latest ventures, Ace Estate and Ace Acreville are integrated townships positioned along the Expressway, designed to offer complete lifestyle ecosystems with modern infrastructure and daily conveniences. Ace Estate also features a dedicated Retail & Studio High-Street Hub — Ace Edit. Within Acreville, Ace Verde stands out as a harmoniously planned residential community, while The Nest offers premium studio apartments ideal for those seeking stylish, well-connected urban living. Proximity to the Buddh International Circuit and multiple upcoming developments further strengthens the region's investment potential.

Developer, Strategist, Visionary, Changemaker

Mr. Ajay Chaudhary is widely recognized for his commitment to sustainable, timely, and high-quality real estate delivery. His contributions have earned him several industry honours, including the prestigious ET Leadership Excellence Award. Today, he continues to be acknowledged as a visionary whose foresight, discipline, and dedication to excellence are shaping the future of India's real estate landscape.
