New Delhi World Book Fair To Honour Valour and Wisdom of Indian Military

For more than five decades, the New Delhi World Book Fair (NDWBF) has been the defining literary event of the year, shaping India's reading culture and bridging the gap between books and readers. Starting from 1972, the NDWBF has now grown into a landmark event on literary calendars around the world and year after year brought together publishers, authors, scholars and readers of all age groups under one roof.

Over the decades, the Fair has grown beyond being a marketplace for books to become a stage where ideas and dialogue converge to reflect India's emergence as a global centre of learning and knowledge. The 53rd edition of the New Delhi World Book Fair 2026 will be held from 10 to 18 January 2026 at Bharat Mandapam, New Delhi. Organised by the National Book Trust, India, under the Ministry of Education, the New Delhi World Book Fair, spread over 40,000 square metres, features 1,000 speakers in 600+ events and attracts participation from over 1,000 publishers representing more than 35 countries, recording a footfall of over 2 million visitors.

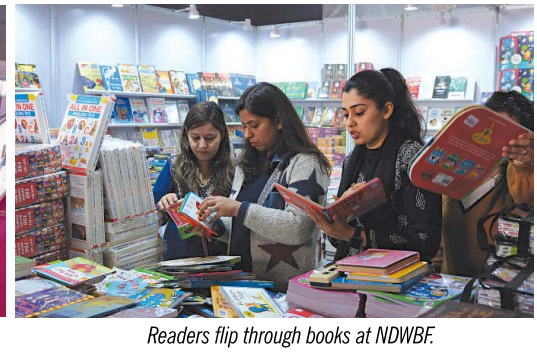

Hon'ble President of India inaugurated the New Delhi World Book Fair 2025.

This year, the book fair pays tribute to the Indian Armed Forces and their contribution to the nation since Independence through the Theme "Indian Military History: Valour and Wisdom @ 75". The Theme will be presented through a specially curated Theme Pavilion spread across 1,000 square metres, designed to combine books, exhibitions, visual installations and live programmes. It will highlight the Army, Navy and Air Force as not only defenders of India's borders but also as pillars of national unity through an exhibition of over 500 books on Indian military history, defence and strategy, including works authored by serving and retired Army personnel.

The Theme Pavilion will also host over 100 events including panel discussions, book launches and talks by renowned authors, defence experts and war veterans including sessions on iconic Indian military leaders, defining military moments like the 1971 Indo–Pak war and the Kargil conflict, ancient Indian military strategies and the success of Operation Sindoor.

The Fair will also spotlight global literary exchange with Qatar as the Guest of Honour Country and Spain as the Focus Country, showcasing their literature, authors and cultural traditions. Other major highlights include dedicated B2B platforms such as the Authors' Corners, CEOSpeak and the New Delhi Rights Table, which facilitate exchange among publishers, authors, rights agents and industry leaders, alongside the Children's Pavilion and daily cultural events.
