

The Training and Placement Cell focuses on continuous career preparedness through structured programs in technical competency, aptitude training, communication skills, soft skills, mock interviews, and professional ethics. Students are trained through mock interviews, resume workshops, industry interaction sessions, and personality development modules from early semesters.

GAT has consistently achieved impressive placement outcomes, with a highest package of ₹36 LPA and a median package of ₹5.75 LPA. Each year, the institution records placement offers, ensuring diverse career opportunities across technology, core engineering, analytics, consulting, and management sectors.

More than 200 top recruiters visit the campus annually, offering roles in software development, data science, manufacturing, infrastructure, automation, finance, and emerging technology domains. Industry exposure through internships, live projects, hackathons, and corporate conclaves further strengthens student employability.

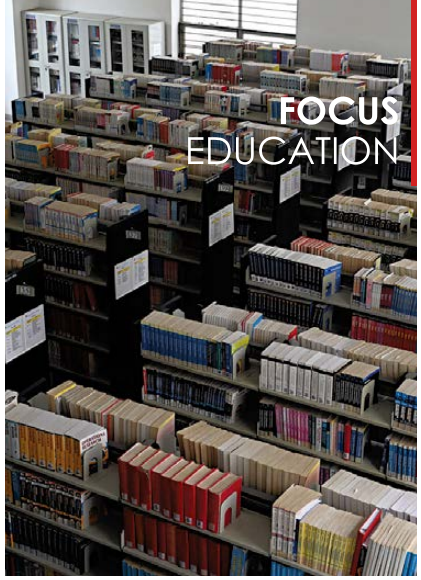

UG/PG & RESEARCH PROGRAMS OFFERED

UG Programs (4 years)
- B.E. Aeronautical Engineering
- B.E. Artificial Intelligence and Data Science
- B.E. Artificial Intelligence and Machine Learning
- B.E. Civil Engineering
- B.E. Computer Science and Engineering
- B.E. Computer Science and Engineering (AI & ML)
- B.E. Electrical and Electronics Engineering
- B.E. Electronics and Communication Engineering
- B.E. Information Science and Engineering
- B.E. Mechanical Engineering

PG Programs (2 years)
- MTech Computer Science and Engineering
- MTech Structural Engineering
- Master of Business Administration

Ph.D.
- Aeronautical Engineering
- Mathematics
- Physics
- Chemistry
- Civil Engineering
- Computer Science and Engineering
- Electrical and Electronics Engineering
- Electronics and Communication Engineering
- Information Science and Engineering
- Mechanical Engineering
- Management Studies

At GAT, placements are not just outcomes but a reflection of sustained academic excellence, industry relevance, and holistic student development.

With a strong emphasis on research, innovation, and skill-based learning, GAT prepares students for academic excellence and industry readiness. Our courses are designed to foster interdisciplinary learning, an entrepreneurial mindset, and real-world problem-solving capabilities
