

claims to 25,774 beneficiaries.

To enhance livestock productivity, artificial insemination services for goats have commenced in 50 centres, with over 3,500 goats covered so far. A Goat Breeding Centre is also being set up in Loharu. Since 2022–23, the National Livestock Mission has offered subsidies ranging from ₹10 to ₹50 lakh for sheep, goat, and pig rearing, as well as fodder production. Under the Rashtriya Gokul Mission, a Gokul Gram has been established in Hisar for the conservation of indigenous cow breeds.

HAFED SUPPORTS AGRICULTURE

HAFED is the leading procurement agency in Haryana, responsible for purchasing wheat, paddy, and other crops such as bajra, mustard, sunflower, maize, and groundnut at MSP under various schemes. Since 2014–15, it has procured over 207.78 lakh MT of paddy and 340.60 lakh MT of wheat. HAFED is also active in agro-processing, exports fertiliser distribution, storage infrastructure, and food branding initiatives, including millet-based consumer products and a modern turmeric processing unit.

HARCO BANK BACKS COOPERATIVE MOVEMENT

Through HARCO Bank and Central Cooperative Banks, the financial needs of cooperative sugar mills, boards, corporations, the Haryana State Cooperative Agriculture and Rural Development Bank, and HAFED are being met. Additionally, to promote non-agricultural schemes, loans are provided for personal use, farm development, greenhouse schemes, buying four-wheelers, carrier autos/rickshaws, and taxi purchases.

At the state level, HARCO Bank operates 13 branches and two extension counters. At the district level, there are 19 Central Cooperative Banks with 572 branches and 27 extension counters. At the primary level, there are 801 Primary Agriculture Credit Societies (PACS), four Farmers Service Societies, and two Agricultural Societies. Through these institutions, the needs of rural members are being met effectively. Across the state, 2,441 sale centres have been established at the PACS level to ensure the rural distribution of fertilisers, seeds, and pesticides.

CM MILK PRODUCER INCENTIVE SCHEME

Under the 'Mukhyamantri Dugdh Utpadak Protsahan Yojana' for 2024–25, cooperative milk producers received subsidies in addition to the standard buffalo milk rate. From April to September 2024, ₹5 per litre, and from October 2024 to March 2025, ₹3 per litre were directly transferred to producers' bank accounts. Antyodaya families received ₹10 per litre during this period. A total of ₹6,874.92 lakh was distributed to milk producers. For 2025–26, the state has allocated ₹135 crore for further incentives, to be paid alongside milk payments.

Additionally, children of cooperative milk producers scoring over 80% in 10th or 12th grade, have been awarded lump-sum scholarships of ₹2,100 or ₹5,100 since March 2015. Up to September, 2025, ₹238.76 lakh had been distributed to 6,594 students. Also, under the "Kanya Daan Yojana", daughters of milk producers receive ₹1,100 on marriage. From March 2015 to September, 2025, ₹34.57 lakh was given to 3,178 beneficiaries.
