2022. The state also achieved (LEADS) the 'Achiever State' rank in the 2024 Logistics Ease Across Different States index.

The average time for new investment approvals has been reduced from 24 days to 12 days since April 2022. The Haryana Enterprises and Employment Policy (HEEP) 2020 continues to drive this momentum.

With a view to attracting sector-specific investments, Haryana has introduced targeted industrial policies covering start-ups, retail, EVs, IT and ESDM, MSMEs, textiles, and pharmaceuticals.

The next wave of forward-looking policies—such as the Emerging Technologies Policy 2025, E-Waste Policy 2025, and AVGC-XR Policy 2025—aims to align Haryana with global innovation standards.

INDUSTRIAL GROWTH AND MAJOR INVESTMENTS

Since its industrial journey began in 1967–68, Haryana's investment landscape has grown to ₹2,75,245 crore in 2023–24, marking a 12% year-on-year increase. The state is among India's top eight exporting states, ranked fifth in the Investment Readiness Index 2020, and first among the landlocked states in 2022.

Major industrial districts such as Gurugram, Faridabad, Panipat, Sonipat, and Karnal anchor this growth. The US, UK, UAE, Saudi Arabia, and Germany remain key export destinations for Haryana's diverse product range.

STATE HAS ATTRACTED SEVERAL MAJOR INVESTMENTS, INCLUDING:

- Flipkart's Mega Supply Centre in Manesar – ₹1,389-crore investment creating 16,000 jobs.
- Maruti Suzuki's IMT Kharkhoda project – ₹18,000 crore for a new vehicle manufacturing plant; Suzuki Motorcycles ₹4,000 crore two-wheeler unit.
- Aditya Birla Group's Paint Manufacturing Facility in Panipat – ₹1,140 crore investment; 500 jobs.
- AmpereX Technologies Project at IMT Sohna – ₹7,083 crore investment; nearly 6,800 jobs.

DIGITAL GOVERNANCE AND TIME-BOUND APPROVALS

The Invest Haryana Portal has been upgraded for a simplified user experience, and is now integrated with the Auto Appeal System (AAS) for faster, automated decision-making.

Under the Right to Time-bound Approvals, key services now have strict deadlines:

- **Mining lease on private land:** 10 days
- **Letter of Intent (LOI):** 20 days
- **Property certificate issuance:** 7 days

A new Digital Document Repository, modelled on DigiLocker, ensures that once a document is uploaded, it can be reused using a Permanent User ID.

Haryana has also emerged as a model state in implementing the PM Gati Shakti National Master Plan (NMP), integrating planning for physical and social infrastructure.

Of the 30 GIS layers, 29 have already been uploaded, with 294 GIS layers now active on the State Master Plan Portal.

A District Coordination Committee, established in November 2024, oversees local-level socio-economic project planning.

The state has developed 10 advanced digital tools, including Asset Mapping, Gap Analysis, and Road Alignment Tools, to support real-time infrastructure planning.

Haryana is also executing infrastructure projects worth ₹100 crore and above under the Gati Shakti framework, and has initiated the construction of bus queue shelters in all the 22 districts, encouraging sustainable public transport.

Haryana is emerging as a national leader in industrial growth, offering streamlined approvals, digital governance and investor-friendly policies. These are powering innovation, infrastructure, and enterprises across key sectors and global markets.

INVESTORS' PARADISE

- ₹2.75 lakh crore industrial investment (FY 2023-24)
- Investment approvals within 12 days via Single Window System
- 785 industrial applications cleared through HEPC portal
- 6.64 lakh industrial service applications processed online
- 29 out of 30 GIS layers uploaded under PM Gati Shakti; 294 total layers active
- ₹7,083 crore AmpereX Project; ₹18,000 crore Maruti-Suzuki IMT Kharkhoda plant
- Digital Document Repository introduced – UID-based reuse system
- Flipkart Mega Centre (₹1,389 crore; 16,000 jobs) under development in Manesar
- Haryana ranks among top 8 exporting states and 1st among the landlocked states from the standpoint of Investment Readiness.
