schemes from 74 departments, boards, and corporations. It has significantly simplified service delivery, enhancing efficiency and transparency.

Haryana also leads in digital documentation with 157 types of documents available via the Digital Locker, enabling citizens to securely access certificates and documents any time, anywhere.

To promote transparency, the state launched the Lokayukta Portal for online complaints against corruption, and has built dedicated websites for all the 22 districts, ensuring easy access to region-specific services.

Through its forward-thinking and citizen centric approach, the Haryana Government is setting a benchmark for other states, positioning itself as a model of digital, modern and effective governance

BOOSTING ADMINISTRATIVE EFFICIENCY

The E-Office platform, launched in August 2020, has digitised workflow across 45 departments and 22 districts, streamlining internal operations and reducing delays.

The popular CM Window grievance redress platform has resolved over 13.87 million citizen complaints. Mow, it has been extended to block-level offices, ensuring widespread accessibility.

MOBILE-FIRST GOVERNANCE

With rising mobile usage, Haryana introduced the 'Get It Government' app, providing 1,000+ government services such as birth/death certificates, electricity connections, and subsidy applications—all on a single mobile platform.

An innovative auto-appeal system ensures accountability by automatically escalating unresolved grievances, promoting responsive governance.

The 'Haryana Uday' portal fosters participatory governance, allowing citizens to engage directly with the ongoing schemes and share feedback, enhancing coordination between the public, administration, and law enforcement.

FINANCIAL INCLUSION AND DIGITAL PAYMENTS

In line with the Digital India mission, Haryana's Cashless Consumer Portal has recorded over ₹784 crore in digital transactions since April, 2017, promoting financial literacy, especially in rural areas.

The Rural Beneficiary Tracking (RBT) system has enabled direct transfer of ₹1,00,126 crore across 157 schemes, ensuring timely and targeted delivery of welfare benefits.
