For nearly two years, India had danced to Indira's martial Emergency tune. Civil liberties were largely dismissed, and anyone who dared raise a voice of dissent was thrown into jail. In the Lok Sabha election of March 1977, the people taught Indira a lesson and threw her out of power. As the incumbent Janata government pursued various charges against her, the wily Mrs Gandhi never lost a chance to elicit sympathy. This photograph finds her courting arrest while facing corruption charges in New Delhi in October 1977
