A CLOSER GLIMPSE AT A DEFINING YEAR

BNW Developments witnessed a year shaped by **meaningful progress, strategic partnerships,** and the steady trust of communities across the UAE and beyond.

The groundbreaking of **Aqua Arc** on Al Marjan Island set the tone, backed by a **multi-billion dirham deal** with **MAN Construction** (a subsidiary of the Masah Group) as the principal construction partner for Aqua Arc. A wave of launches followed. **Aqua Maya, La Perla, Pelagia,** and **Aquino,** strengthening BNW's footprint across Al Marjan. In Dubai, **Orvessa** and **Esplora** added depth to an expanding portfolio.

BNW's entry into **branded residences** began with **Taj Wellington Mews** on Al Marjan Island, signed alongside Marjan CEO Abdulla Al Abdouli, who recognised BNW as the **largest private developer in RAK.** Soon after came **FashionTV Acacia, Ramada Residences** in collaboration with **Wyndham Hotels & Resorts,** and Orvessa by Michel Adam in Dubai. A second partnership with **IHCL** reinforced the shared vision.

The year also carried moments of celebration. BNW earned multiple recognitions, including the **Arabian Property Awards, International Property Awards, Luxury Lifestyle Awards, the Dubai Police Academy Honour,** and the **Pillars of Real Estate - Rising Developer of the Year.** The team's culture continued to thrive as BNW's broker community grew at a record pace.

Throughout the year, BNW created experiences that brought people together, from a memorable Suhoor Night and an electric Mata ki Chowki at Dubai World Trade Centre to the spirited BNW Legends Cup featuring cricket icon Chris Gayle as Guest of Honour. The celebrations reached their peak with the spectacular BNW Diwali Dhamaka, which welcomed over 3,000 guests and became one of the UAE's largest festive gatherings.

Thought leadership also remained central to BNW's journey. **Ankur Aggarwal,** Chairman and Founder, delivered keynote addresses at **RAKIS, ICAI Oman, Doha, and the UAE,** and was honoured with the Icons of the UAE Award for the third consecutive year. Dr Vivek Anand Oberoi, Managing Director and Co-founder, was celebrated with the GRI Institute Real Estate Leadership Impact Award for his contribution to shaping the future of real estate.

Initiatives such as Built Different, a first-of-its-kind on-ground walkthrough series where we visit BNW project sites to offer transparent, insightful updates, deepened the brand's vision and ensured investors stay fully connected to each stage of development. BNW Mortgages emerged as a dedicated vertical designed to support investor journeys, simplifying financing, improving end-to-end experience, and enabling smarter, more accessible property decisions. The partnership with Geminox further strengthened BNW's alignment with the Made in India initiative, bringing advanced, India-crafted materials into BNW's growing portfolio. In a year defined by progress and purpose, BNW strengthened not just skylines but the trust, ambition, and shared vision of everyone building the future alongside us.
