INFRASTRUCTURE CONCLAVE 2026

AIRPORTS AT SCALE: MAKING A MARK ON THE GLOBAL AVIATION MAP

"Air safety is a national issue now. Frankly, we cannot brush it under the carpet and move from one accident to another. It takes 3 to 5 years from when you decide. You cannot get an air safety inspector produced overnight"

KAPIL KAUL
CEO & Director, CAPA India

"We have what it takes to become a global hub because we have passengers. We have been feeding them to nearby hubs, so this is the time to recapture them"

VIDEH JAIPURIAR
CEO, Delhi International Airport Limited

ACCELERATING DELIVERY: BRIDGING THE INFRASTRUCTURE EXECUTION GAP

"The culture and approach of state government companies is encouraging. They ensure standards are as good or better than in private companies"

MANOJ KUMAR DUBEY
Chairman and Managing Director, Indian Railway Finance Corporation

"Execution has improved, but there is a lag in some areas. We need to get the concession structure and the government perspective right for the industry"

MUKUL MODI
Executive Vice President (Project Advisory and Structured Finance), SBI Capital Markets

"Over the last 10 years, we have reduced the standard of contractors to increase the pool available. We need to concentrate more on safety"

VIJAY CHHIBBER
Former Secretary, Ministry of Road Transport and Highways
