

NARENDRA MODI
Prime Minister

DR. MOHAN YADAV
Chief Minister of M.P.

PROSPERITY IN EVERY FIELD SMILES ON EVERY FACE

KRISHAK KALYAN VARSH -2026
A VISION FOR AN EMPOWERED AGRARIAN FUTURE

A New Covenant of Prosperity from the Soil

In India's cultural ethos, the farmer is revered as Annadata (the provider of food). In today's economic landscape, they are also the pivot of national growth. Madhya Pradesh, globally acclaimed for its fertile plains and record-breaking agricultural growth, now stands at the threshold of a new era.

The declaration of 2026 as the Krishak Kalyan Varsh is not a mere administrative formality; it is a testament to the state's unwavering commitment to its millions of farmers. Chief Minister Dr. Mohan Yadav's guiding vision—"When irrigation reaches parched fields, the soil yields gold"—has become the cornerstone of agricultural policy. Madhya Pradesh is setting a national benchmark by showing how technical innovation, a colossal irrigation network and consistent financial support can realize the dream of a Prosperous Farmer, Prosperous State.

THE GREAT IRRIGATION RESOLVE: CHASING THE 100-LAKH HECTARE MILESTONE

The backbone of Madhya Pradesh's agricultural revolution is the rapid expansion of irrigation. From just 7 lakh hectares of irrigated land in 2003, the state has now surpassed 55 lakh hectares. The government's next ambitious target: 100 lakh hectares.

- **Narmada Valley & Micro-Irrigation:** The 2026–27 budget allocates significant capital for Narmada Valley development. Major investments in micro-irrigation projects—Sendhwa (₹500 Cr), Sanwer (₹400 Cr), and Kalisindh (₹400 Cr)—signal a strategic shift toward drop-by-drop irrigation, minimizing wastage and maximizing reach.
- **Ken-Betwa Link Project:** With ₹1000 crore allocated, this national project aims to permanently end Bundelkhand's drought, redefining the region's agricultural landscape.
- **Ratangarh Irrigation Project:** Worth ₹2250 crore, this initiative will transform the fortunes of over 40,000 farmers in Datia and Gwalior divisions.
