AI-171 CRASH
THE HUNT FOR ANSWERS

In one of the worst aviation disasters, the London-bound Air India flight 171 Boeing 787-8 aircraft with 230 passengers and 12 crew on board crashed at Ahmedabad shortly after taking off, killing 241 people on board and an unknown number of casualties on the ground. What went wrong?

THE DEVASTATION AFTER THE JUNE 12 AIR CRASH

1. A tyre of the AI-171, which crashed into the BJ Medical College hostel mess in Ahmedabad

2. Fire service personnel put out the flames and search for survivors in the wreckage

3. A part of the Boeing 787 Dreamliner's vertical fin that came off in the explosion

4. The tail of the aircraft sticks out of the hostel building it had crashed into
