Bhopal Secures 22 MoUs, Major Investments in Higher Education & Tourism

The Global Investors Summit (GIS) 2025 has brought substantial investment commitments to Bhopal, with 22 Memorandums of Understanding (MoUs) signed across various sectors. The Indore-Bhopal zone emerged as the top investment destination, securing 61% of the total investment proposals. Out of the 83 MoUs signed in the summit, 51 were directed towards Indore and Bhopal zones, highlighting their growing economic potential.

KEY INVESTMENTS IN BHOPAL

- **IT & Digital Innovation:**

For the first time, Madhya Pradesh introduced an IT policy, simplifying investments in animation, visual effects, and gaming. As a result, Bhopal alone attracted ₹4,600 crore in investment proposals for Global Capability Centers (GCCs), data centers, and animation & graphics projects.

- **Renewable Energy:**

Leading companies like Jindal India Renewable Energy, KPI Green Energy, Seklink Renewables, and Trident Limited have proposed major investments in Bhopal's renewable energy sector.

- **Tourism & Hospitality:**

Ten major hospitality groups have proposed investments in hotels and resorts, with six projects in Indore and four in Bhopal. Companies like Fielday Rooms & Hotels and Treasure Group have committed investments in Bhopal's tourism infrastructure.

GLOBAL COMPANIES EYE BHOPAL FOR EXPANSION

To attract tech giants like Amazon, Google, and Apple, Tholons will invest ₹500 crore to establish Bhopal's first Global Capability Center (GCC), creating 40,000 jobs.

OTHER MAJOR PROJECTS INCLUDE

- **Shreetech's ₹4,000 crore data center in Bhopal, generating 2,000 jobs.**
- **Beyond Studios ₹100 crore animation & graphics studio, providing 2,500 jobs.**

With such significant commitments, Bhopal is emerging as a key hub for IT, tourism, and renewable energy, paving the way for rapid economic growth.

NRIs to Invest ₹9,000 Crore in Madhya Pradesh, Focus on Renewable Energy & IT

On the second day of the Global Investors Summit (GIS) 2025, the Pravasi Madhya Pradesh Summit witnessed Non-Resident Indians (NRIs) committing investments worth ₹9,000 crore in the state. The Madhya Pradesh Industrial Development Corporation (MPIDC) officials confirmed that major investment proposals came from:

Hong Kong Group – ₹6,500 crore
UK Group – ₹1,200 crore
UAE Group – ₹1,000 crore

These investments are primarily directed towards renewable energy and technology sectors. Additionally, some NRIs have expressed interest in investing in Bhopal's IT Park.

NRIs Enthusiastic About IT & Startups

- 550 NRIs registered for the summit, with 520 attending the entire event, including 200 young entrepreneurs.
- 12 NRIs have shown interest in investing in IT startups, and MPIDC will assist them in launching their projects.
- The state government has simplified land allotment processes for startups, making it easier for entrepreneurs to set up their businesses.
