RENUKA RAMNATH

FOUNDER, MD & CEO, MULTIPLES ALTERNATE ASSET MANAGEMENT

After almost 25 years with the ICICI Group, Renuka Ramnath set up Multiples Alternate Asset Management in 2009. Positioned as an India-focused private equity fund, Multiples raised money from a bunch of international and domestic investors. Through the period, Ramnath, who ran ICICI Venture during the early days of private equity in India, has earned herself a respectable position. Since inception, the company has invested in consumer, health, manufacturing, and financial services, to name a few. Ramnath's ability to think long-term and stay the course are viewed as strengths by her peers.
