

KEEPING UP WITH THE TIMES The institute has undertaken capacity building for faculty and staff on AI tools and advanced digital tools to improve efficiency

RANK-9	INDIAN INSTITUTE OF FOREIGN TRADE
OVERALL SCORE	**768.2**
CAMPUS EXPERIENCE	• Completed construction of the Kakinada campus in Andhra Pradesh; the new academic session has started there • GIFT City campus operationalised, MBA in international business programme started there in 2025 • International campus in Dubai set to start soon
NEW INITIATIVES	• Signing an MoU with Indian Institute of Gems and Jewellery in Mumbai for capacity building and short-term courses

mal inauguration," Joshi says.

The GIFT City campus was built a few years ago but was not operational.

Joshi says that in his term, it received approval from UGC and AICTE and commenced MBA in international business in 2025. "The second batch is going on now," he says.

The B-school is also signing a Memorandum of Understanding with the Indian Institute of Gems and Jewellery in Mumbai. "With this, we want to commence capacity building programme and research and some short-term programmes as well in Mumbai, which is a trading hub," explains Joshi.

Another key milestone in its 63-year history was the establishment of IIFT's first overseas campus in Dubai, which was announced in June 2025. "All approvals have already been taken. The building has been identified. It was only because of the West Asia war that we couldn't commence the new campus," Joshi says.

PLACEMENTS

The B-school attracts recruiters from a diverse range of industries and business domains, offering students opportunities across multiple career paths. These include consulting, finance, technology, FMCG, retail, automotive, energy, trade, healthcare, and general management.

For MBA (International Business) and MBA (Business Analytics), IIFT offers strong placement outcomes. For the MBA (IB) programme, the average CTC stood at ₹31.3 lakh per annum, with a median CTC of ₹26 lakh per annum. The highest domestic CTC was ₹72 lakh per annum, while the highest international CTC was ₹1.23 crore per annum.

For MBA (Business Analytics), the placement process saw 25 recruiters, with an average CTC of ₹25.30 lakh per annum and a median CTC of ₹20 lakh per annum. The highest domestic CTC was ₹72 lakh per annum, while the highest international CTC was ₹60 lakh per annum.

Joshi underlines his belief that the institute will continue to have a very bright path ahead and will remain relevant. BT
