

KARNATAKA EDUCATION REVIEW

OVERVIEW OF KARNATAKA'S EDUCATION LANDSCAPE, STRENGTHS, AND EMERGING TRENDS

Karnataka, a state known for Information Technology (IT) and Bio-Technology (BT), has emerged as a major hub for higher education in the country due to initiatives like introducing new technology and industry-driven curricula, launching new courses, signing Memorandum of Understandings (MoUs) with foreign universities.
Karnataka has a robust higher education system with a total of 91 public and private universities and over 4,430 affiliated higher educational institutions, with over 20 lakh students enrolled.
According to the recent All India Survey on Higher Education (AISHE) of Union Ministry of Education (Higher Education Department), the State's Gross Enrolment Ratio (GER) is a strong 36.2%, higher than the national average, indicating substantial participation. However, the GER of all India level is 28.4%.
Karnataka has total of 4,430 higher education institutions. Bengaluru Urban district recorded the highest number of higher educational institutions at the national level with a total of 1,106 followed by urban districts like Jaipur with 709, Hyderabad with 491, Pune with 475 and Prayagraj with 398.
The total number of teachers recorded in the survey is 15,97,688. Of these, 56.6% are male and 43.4% are female teachers. Of the total, 89,770 (5.6%) are Muslim Minority teachers and 1,40,205 (8.8%) are Other Minority teachers.
Among these, 13.1% of the total number of teachers belong to Tamil Nadu, 11.2% are in Uttar Pradesh, 10.5% in Maharashtra and 9.4% in Karnataka. Out of total Muslim teachers, 10.4% are from Karnataka.

DETAILS OF UNIVERSITIES:

A total of 41 public universities are functioning in the State, including the University of Mysore, Bangalore University, Visvesvaraya Technological University (VTU), Bangalore Dr. B.R. Ambedkar School of Economics University (BASE), University of Agricultural Sciences (UAS)-Bangalore, Rajiv Gandhi University of Health Sciences (RGUHS).
In all 28 private universities including Ramaiah Institute of Applied Sciences, Azim Premji University, C.M.R. University, Reva University, one public-private university, St. Joseph's University, 11 state deemed universities including Manipal Academy for Higher Education, and one Central University of Karnataka at Kalaburagi are functioning.
In addition to these, there are nine Institutes of National Importance including Indian Institute of Science (IISc-Bangalore), International Institute of Information Technology (IIIT-Bangalore), Jawaharlal Nehru Centre for Advanced Scientific Research-Bangalore, National Institute of Mental Health and Neuro Sciences (NIMHANS), National Institute of Technology (NIT-Suratkal), Indian Institute of Management (IIM-Bangalore), National Law School of India University (NLSIU-Bangalore), Indian Institute of Technology (IIIT-Dharwad) and Indian Institute of Technology (IIT-Dharwad) are also present here.
These higher education institutes are attracting students from within the State, out of state, and even from abroad with quality of education, good infrastructure and others. Especially, higher education institutions in Bengaluru are hot-spots for all the students. Therefore, thousands of students from Kashmir to Kanyakumari, Gujarat to West Bengal and other North-Eastern states are studying in the State's higher education institutions.
According to the statistics of the Higher Education Department for 2023-24, a large number of students were migrated to Karnataka for higher education.
In all, 1,32,354 students have migrated to various states of the country for education in 2023-24. Of these, 67,195 (50.8%) students have migrated to Karnataka. Students migrated to other states - Tamil Nadu 27,696 (20.9%), Maharashtra 7,429 (5.6%), New Delhi 6,983 (5.3%), Andhra Pradesh 5,767 (4.4%)) and Gujarat 3,392 (2.6%).
However, a large number of students coming to Karnataka for higher education from other states and countries to study professional courses. Most of the government and private medical, engineering and other professional courses institutes in the State are renowned at the national and international level.
Karnataka's higher education institutions are a major attraction for migrant students due to quality education, good infrastructure, safety and security, among other reasons.

ENGINEERING

There are more than 220 engineering colleges under public, private and deemed universities in the State, with more than 5 lakh students studying Under Graduate (UG) and Post-Graduate (PG) engineering courses.
