THE NORTHEAST CORRIDOR: LOOKING AND ACTING EAST

"Arunachal Pradesh, the largest state in the Northeast, is not part of Japanese economic investment or activities. Due to problems with China, Japan does not have any economic presence in my state"

"The biggest soft power that India wields today is Buddhism. If Saudi Arabia has Mecca and Medina, we have Bodh Gaya"

"We can have specific agreements on mobility between India and Japan, specifically for skilling the youth of the Northeast and also to make them work in Japan"

KIREN RIJIJU
Union minister of Parliamentary Affairs

THE STATES: BUILDING BONDS ON TRUST AND COLLABORATION

"If an investment happens in India and provides jobs here, I am happy. But if it comes to Haryana, I am happier"

"Haryana was initially an agrarian economy, then manufacturing led, and now we gradually want to take a leap towards becoming a knowledge economy"

"The biggest competition right now for any Indian company will be a Chinese one. We have to make our companies more competitive"
