MANUFACTURING & LOGISTICS: MAKE IN INDIA MEETS MONOZUKURI—THE WINNING FORMULA

ARUN KUMAR

> **"Japan has played a very pivotal role in India's growth story, especially as a manufacturing hub, in terms of their engineering expertise, technology partnerships and industrial investments"**

> **"Monozukuri is the Japanese philosophy of perfecting the art of creation. Their companies always strive to create the most relevant and sustainable product"**

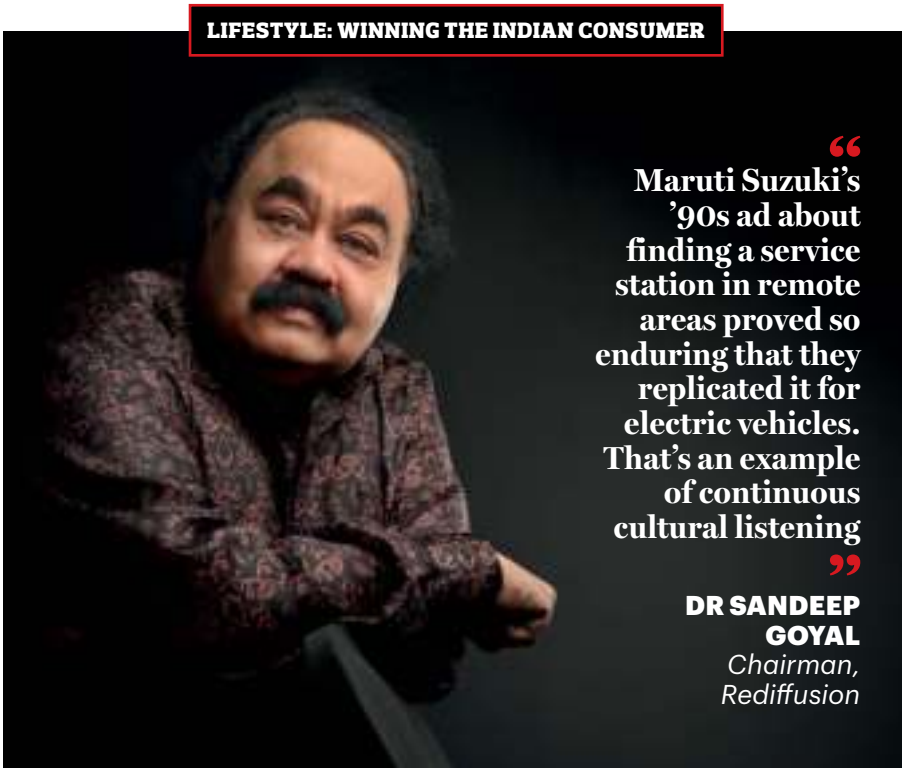

HIMANSHU SRIVASTAVA
Head, Japan Practice, Baker Tills ASA India LLP

> **"Combining Japan's technology and spirit with India's workforce and cost competitiveness, it is possible to create products with exceptionally high value"**

TAKESHI SEO
India Chairman, Japan Chamber of Commerce and Industry

LIFESTYLE: WINNING THE INDIAN CONSUMER

> **"Maruti Suzuki's '90s ad about finding a service station in remote areas proved so enduring that they replicated it for electric vehicles. That's an example of continuous cultural listening"**

DR SANDEEP GOYAL
Chairman, Rediffusion

BUILDING A RESILIENT NETWORK TO DRIVE INDIA–JAPAN TRADE

> **"As global supply chains are being redesigned, the India-Japan trade corridor is uniquely positioned to lead the shift"**

HEMANT PIMPLIKAR
Managing Director, Sales, FedEx India
