the cabin, special carpets, leather options and even stitching colours. Fun fact: Ad Personam holds the record in the automotive industry for its 348 Ad Personam colours, created specially for Lamborghini. A talking point is the diamond coating that customers can opt for —a new paint, which contains micro crystals like diamond dust, resulting in a beautiful glimmer on the car. In fact, the Ad Personam team can even create a work of art inside your Lamborghini using hand embroidery—your favourite painting, a self-portrait or a portrait of your pet—inside the cabin. The Italian carmaker takes colour very seriously and has divided its bespoke colour offering into five families ranging from sporty and contemporary to eclectic, classic and technical, each family with its own range of Ad Personam colours. At every step of the Lamborghini personalisation experience, Italian heritage, culture and craftsmanship is constantly alluded to. Italian savoir faire at its very best!

Porsche Exclusive Manufaktur

Driving a Porsche is one thing, but driving one that has been entirely customised for you is elevated luxury. Thanks to the German sportscar manufacturer's made-to-order service, Porsche Exclusive Manufaktur, you can get, say, a 911 or a Panamera of your dreams. A visit to Porsche Exclusive Manufaktur's design studios in Stuttgart, Germany, makes it impossible to ignore the attention to detail to make this sports car as personalised as possible—transforming any Porsche into 'Your' Porsche. Starting with multiple options for trims, leather, stitching, carbon accents and nuanced detailing on the exteriors, a Porsche driver can enjoy over 700 personalisation possibilities of bespoke components inside and outside. Porsche's Paint to Sample lets you slap on any of the 220 colour options, some historic Porsche signature colours across all models. All this powered by the digital Porsche Car Configurator, to visualise and create every detail. To go the extra mile—and splurge a bit more—you can opt for Porsche's most exclusive customisation service, Sonderwunsch (special request, in German), where you work with the specialised Sonderwunch team based at the production unit in Zuffenhausen. If you have three years to spare, you can even commission a one-off Porsche!
